Dear Sarah

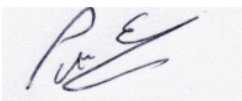

## Reference

We have been a customer of yours since April 2004, during which time you have provided our department with excellent catering for a wide range of events.

The Healthy Eating Guidelines developed by the North West Food & Health Task Force have been adopted by Bury Primary Care Trust. Butty-licious have followed these guidelines in an imaginative way and all food produced has been of a very high quality.

The Public Health Department would have no hesitation in using your Healthy Catering Specification in the future.

Yours faithfully

Dr Peter Elton  
Director of Public Health
